

**Bio-Fiber Energy, Fuels and Products Symposia (Nov. 17) and General,  
Panel Sessions in 'Forest to Finished Products' (F2FP) Conference and Expo  
(Nov. 18, 19th) at UGA Center for Continuing Education, Athens, Georgia.  
[www.F2FP.com](http://www.F2FP.com)**

The Symposia will be held at the UGA Center for Continuing Education 8:30-5:00 P.M., Monday,  
Nov. 17 and these subjects will be continued in Nov. 18, 19 F2FP Conference and Expo.

The Symposia and Conference/Expo will provide the latest technology, technique and economics info. on biomass growth, harvesting, processing, engineering/plant construction and R&D Producers, suppliers, agencies, regulators, finance, harvesters and landowners will merge to show successful projects and developments in the areas of pellet manufacture; bio-fuels; domestic and international markets; growing product mix; new power plant design; power plant conversion; power plant conversion; coal-bio-fiber blending; algae technology; new equipment manufacture; Euro examples and U.S. window of opportunity.

*F2FP 'The November Place to Be'*

**HOT TOPICS**

- Bio-fuels are reducing the need for foreign oil based products and new bio-fiber power, fuel and products.
- Bio-fuels are reducing need for foreign oil
- Bio-fiber initiatives
- A U.S. \$1.5 billion market by 2012-RISI
- Europe needs U.S. South Pellets
- Developing Methods of Bio-Mass thermal engineering and power generation
  - Second generation engineering/plant construction for pellets, power, products.
  - Cellulosic bio fuel eliminates competition between food and fuel
  - Bio-fuel crossover vehicles of future
  - Pellets for poultry industry
  - Biomass harvesting and integrated technologies in Nordic pulp and paper companies
  - South-wide Biomass Road Map
  - Forbes lists top 5 biomass feedstock states, including Georgia
  - Transport can make or break you
  - Transitioning to a bio-based sustainable future.
  - Balancing raw material supply for traditional forest based products and new bio-fiber power, fuel and products

**COOL SPEAKERS**

- Nathan McClure, GFC
- Daniel Cassidy – USDA CSREES
- Ben Jackson, UGA Forestry
- Bill Pennington, Process Unlimited
- Ken Muehlenfeld, FP Dev . Auburn
- Randy Queen, General Motors
- Dale Threadgill, UGA Agr. Engr.
- Ron Barmore, Range Fuels
- Gene Zebley, Hurst Boilers
- Steve Taylor, Auburn University
- Devon Dartnell, GFC
- Greg Alles, Bliss
- Jill Stuckey
- Hon. David Garman, Former Under Secretary of Energy
- Ross Harding, Herty Foundation
- Greg Heck, Southern Company
- Barbara Wells, Arborgen
- Joseph James
- D.K. Knight, Hatton-Brown
- John Carpenter, CAT
- Jim Ewing, Ga. Division Dr. Global Commerce
- Bob Rice, Bio-Fuels Technologies
- Ben Thorpe, Flambeau River Bio Refinery LLC
- East Coast Ethanol
- Tco Alternative Fuels
- Dean Alford, Allied Energy LLC
- Dixie Pellets
- Green Circle
