- Right on White Plains Road, 1.6 mi.
- Slight Left on County Road 33, 1.5 mi.
- Plum Creek tract is on Left.

You will see signs, company flags/  
banners on roadside.

### This Is The Real Deal, The November Place To Be!

Plum Creek site demo dubbed a "must see" by *Southern Loggin' Times* and *Timber Harvesting* magazines. A world class live bio-harvesting, handling, baling, chipping/grinding demo. The largest such conference and demo in the U.S.

"Each piece of equipment is here for a specific technology or technique reason," Dr. Fred Kurpiel reports. He cites several points why F2FP is the place to be for everyone related to the forest and forest products industry in the South, which supplies over 60% of the wood fiber tonnage harvested for the entire U.S. today.

Please present this ticket at the registration booth to obtain your badge.

## Live In-Woods Demo Ticket Plum Creek Forest Land

"From Forest to Finished Products"  
Conference & Expo

\$15
